

JTSucceed program

Overview

This program is a youth-led inclusive employment readiness program designed to better equip young people in regional and remote communities for work. We specifically aim to connect young people with practical and sustainable work ready training and ultimately job outcomes. This program is designed to provide participants with the necessary social and practical support while working with them to navigate skills and employment pathways that support participation and prevent long term disengagement. Our program builds Confidence, Courage and Self-Belief!
